## DECISIÓN (UE) 2019/701 DE LA COMISIÓN

de 5 de abril de 2019

**por la que se establece un glosario de nombres comunes de ingredientes para su utilización en el etiquetado de los productos cosméticos**

(Texto pertinente a efectos del EEE)

LA COMISIÓN EUROPEA,

Visto el Tratado de Funcionamiento de la Unión Europea,

Visto el Reglamento (CE) n.º 1223/2009 del Parlamento Europeo y del Consejo, de 30 de noviembre de 2009, sobre los productos cosméticos <sup>(1)</sup>, y en particular su artículo 33, párrafo primero,

Considerando lo siguiente:

- (1) El artículo 19, apartado 1, letra g) del Reglamento (CE) n.º 1223/2009 exige que la información que debe figurar en el etiquetado de los productos cosméticos incluya una lista de ingredientes. Los ingredientes se expresarán utilizando el nombre común del ingrediente establecido en un glosario que la Comisión elaborará y actualizará con arreglo al artículo 33 de dicho Reglamento. El glosario deberá tener en cuenta las nomenclaturas reconocidas internacionalmente, incluida la Nomenclatura Internacional de Ingredientes Cosméticos (INCI).
- (2) El Reglamento (CE) n.º 1223/2009 derogó y sustituyó a la Directiva 76/768/CEE del Consejo <sup>(2)</sup>. El inventario de los ingredientes utilizados en productos cosméticos y la nomenclatura común de ingredientes a que se refieren los artículos 5 bis y 7, apartado 2, de dicha Directiva se establecieron mediante la Decisión 96/335/CE de la Comisión <sup>(3)</sup> y se actualizaron en 2006 mediante la Decisión 2006/257/CE de la Comisión <sup>(4)</sup>. Desde entonces, el inventario y la nomenclatura han quedado obsoletos debido al elevado número de nuevos ingredientes introducidos cada año en el mercado. Además, los requisitos establecidos en el artículo 5 bis de la Directiva 76/768/CEE en relación con el contenido del inventario van más allá de los requisitos establecidos en el artículo 33 del Reglamento (CE) n.º 1223/2009 en lo que respecta al contenido de un glosario de nombres comunes de ingredientes. Por lo tanto, la lista de ingredientes que contiene la Decisión 96/335/CE debe sustituirse y adaptarse para incluir nuevos ingredientes introducidos en el mercado, y limitar su contenido a los requisitos del artículo 33 del Reglamento (CE) n.º 1223/2009.
- (3) El artículo 19, apartado 1, del Reglamento (CE) n.º 1223/2009 establece que, en el caso de los colorantes distintos de los destinados a teñir el pelo, deberá utilizarse la nomenclatura CI (Colour Index), si procede, con el fin de etiquetar los productos cosméticos. El número CI debe figurar, por tanto, como el nombre común del ingrediente para los colorantes distintos de los destinados a teñir el pelo.
- (4) Algunos ingredientes utilizados en compuestos perfumantes y aromáticos no tienen denominación INCI. Se han utilizado en la Unión los llamados «nombres de perfumería» para el etiquetado de los productos cosméticos que contienen estos ingredientes. Por lo tanto, en el caso de estos ingredientes, el glosario debe enumerar los nombres de perfumería que hayan sido utilizados con anterioridad en la Unión.

<sup>(1)</sup> DO L 342 de 22.12.2009, p. 59.

<sup>(2)</sup> Directiva 76/768/CEE del Consejo, de 27 de julio de 1976, relativa a la aproximación de las legislaciones de los Estados miembros en materia de productos cosméticos (DO L 262 de 27.9.1976, p. 169).

<sup>(3)</sup> Decisión 96/335/CE de la Comisión, de 8 de mayo de 1996, por la que se establece un inventario y una nomenclatura común de ingredientes empleados en los productos cosméticos (DO L 132 de 1.6.1996, p. 1).

<sup>(4)</sup> Decisión 2006/257/CE de la Comisión, de 9 de febrero de 2006, que modifica la Decisión 96/335/CE, por la que se establece un inventario y una nomenclatura común de ingredientes empleados en los productos cosméticos (DO L 97 de 5.4.2006, p. 1).

- (5) El artículo 33, párrafo segundo, del Reglamento (CE) n.º 1223/2009 establece que los nombres comunes de ingredientes enumerados en el glosario se aplicarán para el etiquetado de los productos cosméticos que se introduzcan en el mercado a más tardar doce meses después de la publicación del glosario en el *Diario Oficial de la Unión Europea*.
- (6) En aras de la claridad y de la seguridad jurídica, procede derogar la Decisión 96/335/CE.

HA ADOPTADO LA PRESENTE DECISIÓN:

*Artículo 1*

El glosario de los nombres comunes de ingredientes que exige el artículo 33 del Reglamento (CE) n.º 1223/2009 figura en el anexo de la presente Decisión.

*Artículo 2*

Queda derogada la decisión 96/335/CE con efectos a partir del 8 de mayo de 2020.

*Artículo 3*

La presente Decisión entrará en vigor a los veinte días de su publicación en el *Diario Oficial de la Unión Europea*.

Hecho en Bruselas, el 5 de abril de 2019.

*Por la Comisión*  
*El Presidente*  
Jean-Claude JUNCKER
